THE ULTIMATE FLOORING EXPERIENCE

Tandus Centiva, a Tarkett company, creates innovative floorcovering solutions through our unique line of Powerbond®, Modular, Broadloom, Woven, LVT and MetalEdge transition products. Each of our product platforms offer coordinated styles, extensive color ranges and a variety of patterns and textures that enhance the appearance of any commercial environment. Tandus Centiva products are also designed to coordinate with a variety of Johnsonite wall base and finishing accessories, providing the Ultimate Flooring Experience across the Tarkett family of brands.

PRODUCT COORDINATES – TRANSITION: METALEGE COLLECTION

MetalEdge provides a transition solution and finish detail for any commercial space. It is offered in three aesthetically pleasing and tastefully refined systems, each engineered and colored to work with a vast array of Tandus Centiva soft and hard surface product platforms. Please contact your Tandus Centiva account executive for details.

IMAGINATIONS™ CUSTOM FLOOR DESIGN

TECHNOLOGY

Tandus Centiva's focus on design sets us apart. You can choose from our vast array of standard patterns or work with our in-house cutting department to create custom designed flooring solutions. Tandus Centiva's unique ultrasonic cutting system — currently the most advanced in the world — is paired with state-of-the-art CAD technology which assures clean, precise cuts for even the most intricate designs with no entry or end points.

PROCESS

Our knowledgeable staff will guide you from the early stages of the project through completion.

- Start with a standard design or send us your concept in a digital format.
- Tandus Centiva's design team will help determine appropriate sizes, colors, textures and edge treatments for your project.

- After the quote and layout are approved, the order can be placed for final design, costing and production.
- The design is cut using an ultrasonic cutting system paired with CAD technology.
- Designs are fully assembled prior to shipment assuring quality and proper fit.
- Each design is shipped in sections to allow for trouble free installation.

IMAGINATIONS™ CUSTOM FLOOR DESIGN

The Imaginations Custom Floor Design program translates your vision onto the floor using LVT. Whether it's an abstract design, wayfinding, branding or school mascot, our products fulfill your needs. Tandus Centiva offers design capabilities that are unmatched by any other in the industry. Our LVT is precision cut with an ultrasonic knife, ensuring the

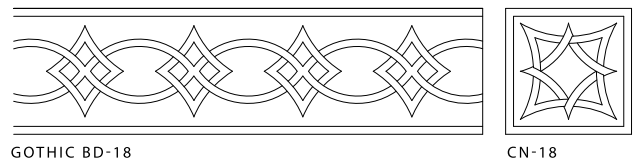

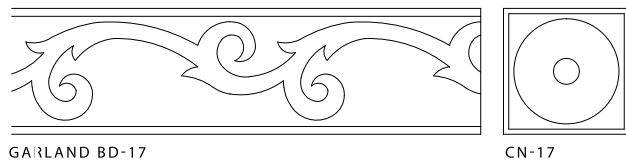

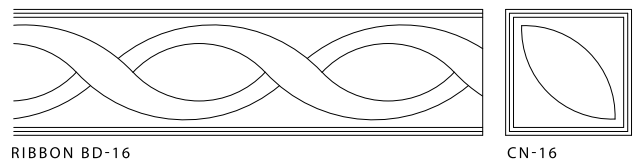

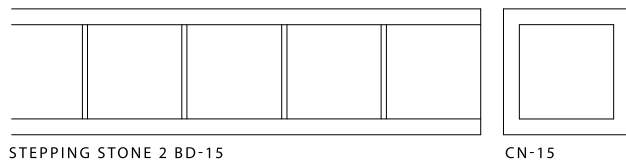

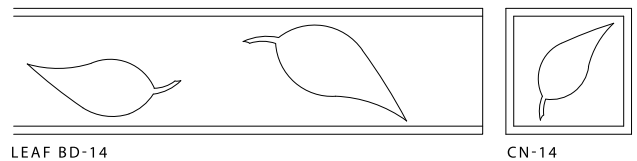

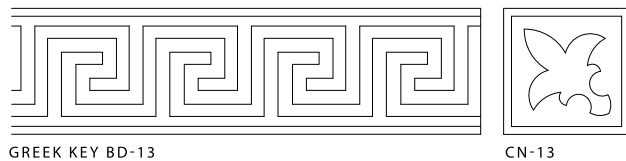

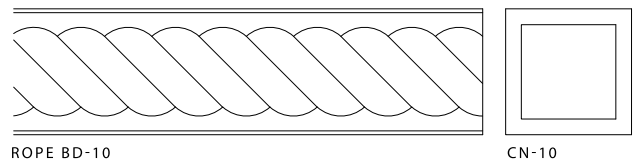

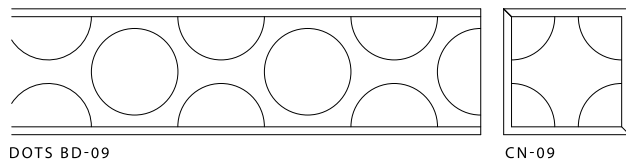

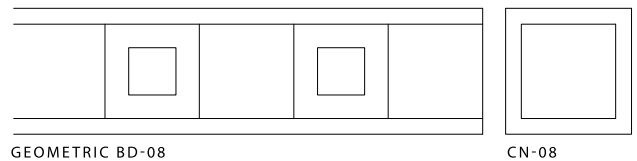

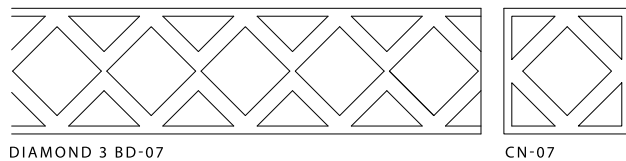

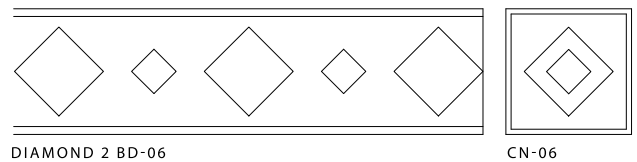

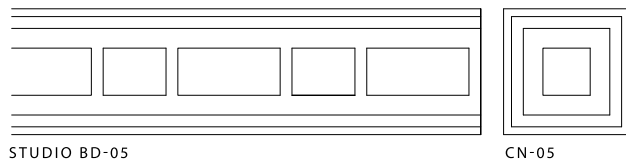

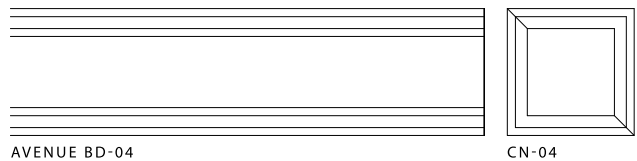

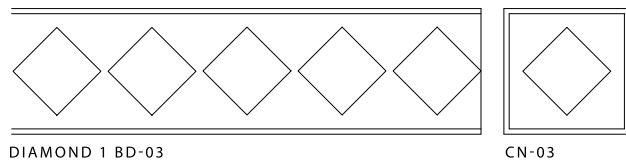

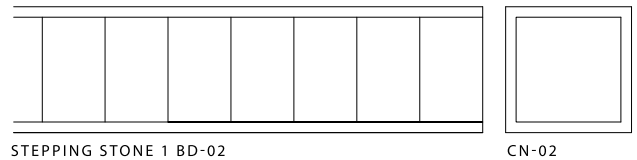

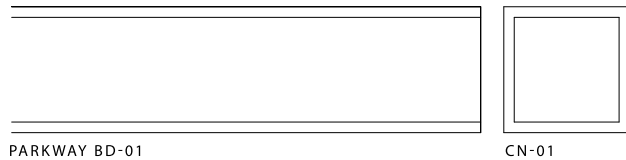

most intricate creations. Inlay designs are created by the architect, designer or owner as part of the floor plan and cut by our in-house Imaginations team using CAD technology. The custom design is easily installed on-site by the flooring contractor. Contact your Tandus Centiva account executive to get started.

BORDERS

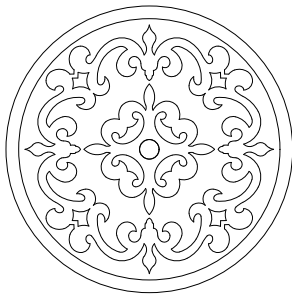

Accent a space using one of our standard borders. These designs are available in 4" and 6" widths. Any of our Victory®, Contour® or Event® Series products can be used in these standard border designs, making exciting floors easy.

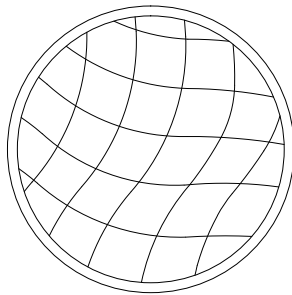

MEDALLIONS

Our medallions add emphasis to any entrance, hallway or highlighted area. These standard designs are easily customized to your specifications, allowing you to create floors as unique as the environments surrounding them.

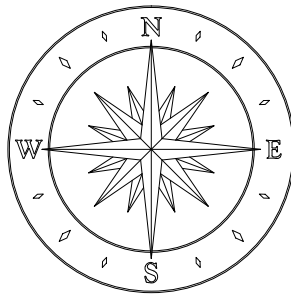

The standard size for circular medallions is 48" in diameter. Square modules are available in 18" and 36" sizes. Any of our Victory®, Contour® or Event® Series products can be used in these standard designs.

FLOOR PATTERNS

Great flooring takes on added dimension and special interest when used in patterns. Make an artistic statement, enhance a space or build on other decor selections. Using floor patterns can be simple and the design payoff is substantial. Choose from a number of ideas presented here, or design your own.

DESIGN ACCENTS

Create a noteworthy floor by incorporating one or more design accents. Any Victory®, Contour® or Event® product can be supplied as feature strips, offering a unique grout appearance.

FEATURE STRIPS

Any Victory, Contour or Event Series product can be supplied as feature strips. Feature strips are available in 1/8", 1/4", 1/2", 3/4", 1" and 2" in 36" lengths.

Feature strip options are illustrated below. An interesting grout appearance may be achieved by combining a feature strip of a lesser thickness and a beveled tile edge.

 .120" for Square Edge Product

 .100" for Light Beveled Product

** Not available on all styles. Please refer to technical specifications for more information.*

KEYSTONES

Keystones can be cut from any Victory, Contour or Event Series product. 2"x 2" to 9"x 9."
