

2020 Hospitality Trend Report

SECOND QUARTER

CARAVAN

Inspired by the use of traditional Turkish and Persian rugs in trending bohemian-inspired interiors, Caravan rehashes these global motifs for a cool, eclectic vibe. Distressing adds a rustic feel, and washes of bright or ombred color recall overdyed rugs. Caravan is warm and authentic, yet chic. Traditional rich blues, red, and terra cotta are modernized by pops of peach and blush.

Semi - Charmed

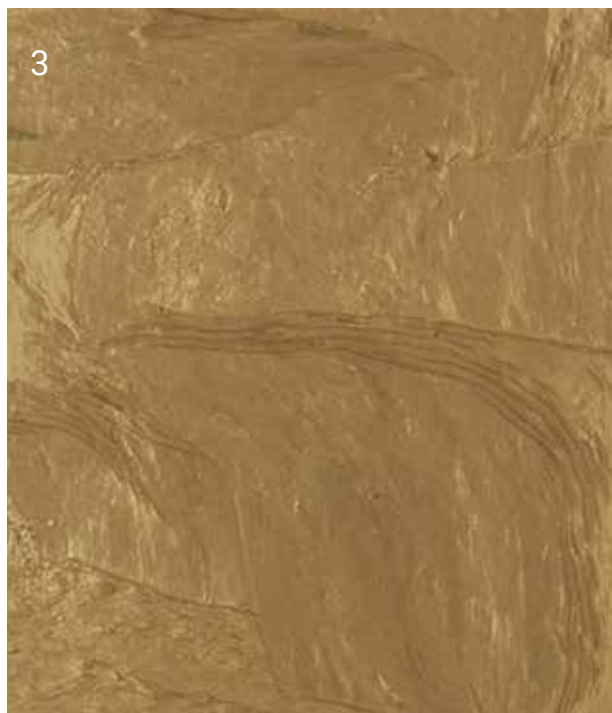

The Semi-Charmed collection combines the natural and luxurious. Metals meet nautical and distressed textures for an antiquated yet modern approach to jewelry

This trend, much like an oyster shell, combines rough texture with a silky smooth pearl influence. Pearls are believed to attract wealth and luck as well as offering protection. They are said to have a calming effect and balance one's karma.

From tv shows to movies to real life rocket

The expanse, the unknown and the feeling
of escape leaves room for imagination and
