TEMPT COLLECTION

A feel, a line—like a brush stroke—
that conveys tranquility and
welcome but also iridescent luxury.

Beyond expectation.

Beyond luxury.

Luxury transcended.

Lextron Enviro Green® contains 10% pre consumer waste. CRI Green Label Plus indoor air quality testing program certification # GLP2380.

Carpet should be installed in accordance with the Carpet and Rug Institutes's Standard CRI-104. Carpet must be installed over manufacturer's recommended pad.

Pattern streaks and banding are visually apparent streaking in patterned carpet resulting from linear juxtaposition of pattern elements visible in both length and width directions. It is not a carpet defect, but is inherent in solution dyed graphic and cut and loop patterns.

All specifications are subject to normal manufacturing tolerances.

Due to the manufacturing process of a tip sheared product, the finished yarn weight will vary more than normal manufacturing tolerances and side match cannot be guaranteed.
