

WALDEN

hospitality carpet

Rest.
Reflect.
Recharge.

A low-angle shot looking up into a dense forest. Sunlight filters through the thick canopy of green leaves, creating a dappled light effect. Several tree trunks are visible, extending from the bottom towards the top of the frame. The overall atmosphere is bright and natural.

Blurring the boundaries between inside and out, Walden embraces the senses as it offers rejuvenation. Its lush greens and mossy textures turn public spaces into places of magic and refuge from the overstimulation of urban landscape and travel obstacles.
